

POPPY & LENO - UPHOLSTERY RELEASE

Patterns and prints are making a strong come back in interiors, with oversized florals and large scale designs in edgy, fashion colours.

This fashion forward floral design has been digitally printed onto a poly/linen combination perfect for upholstery and cushions, but has also been approved for drapery use. Available in 3 vibrant colours on a linen mix background, this look delivers eye-catching interior design at a cost effective price. Poppy has been Martindale tested to 100,000+ rubs.

Coordinating with Poppy we have our matching plain, Leno. Leno is a cotton/Linen blend which is available in 28 colours. A perfect companion to the Poppy floral, Leno offers an alternative look with a higher linen mix, adding texture to this beautiful upholstery weight fabric. Standing strong on its own, Leno has been Martindale tested to 47,000 rubs.

LENO - UPHOLSTERY RELEASE

Natural fibres are continuing to be heavily featured in home furnishings and this shows no sign of changing as trends move towards more organic, eco friendly lifestyles.

Leno is a perfect example of this with a cotton/linen blend available in 28 colours. A perfect companion to the Poppy floral, Leno offers an alternative look with a higher linen mix, adding texture to this beautiful upholstery weight fabric.

Standing strong on its own, Leno has been Martindale tested to 47,000 rubs. Leno has been classified for heavy duty/commercial use.

Design:	Leno
