

AWNING MOUNTING BRACKET

LONGER OPTION SUITED FOR PLATFORM STYLE ROOF RACKS (SOLD SEPERATLY) PART NO: T050801751B

ATTACHING BRACKET TO ROOF-RACK

Darche's Eclipse Awning brackets have been designed to fit most common roof rack configurations. However, with the ever increasing number of roof rack designs available it is difficult to supply a mounting bracket to accommodate all.

With the addition of Darche's Channel bolts, the longer optional bracket is the perfect solution for attaching your Darche awning to a platform style roof rack.

The bracket can also be mounted on roof bars, however, additional specific attachments may need to be sourced from your roof rack supplier. If in doubt, please visit your roof rack specialist for specific roof rack mounting options and advice on load capacities.
